

- ◆ Slim and lightweight ,easy to carry for outdoor shooting .
- ◆ Stable brightness,no flicker, more reliable shooting effect.
- ◆ The light is fully dimmable, with no change in color temperature, from 0%-100%.
- ◆ Area light, soft and glareless.
- ◆ Heat dissipation design which improves dissipation efficiency and makes lifespan of the light longer.

#:L-T96D/T

LED Lamp qty:96pcs
 Input Voltage:6.8-12V
 Power Consumption:16W
 Color temperature:3200°K-5600°K
 CRI≥95
 Luminance:1808LM
 Illuminating angle:110°
 Power supply mode:Lith LT-F550/770/970
 or AC power with Adapter
 Dimension:180x125x22mm
 Weight:0.25Kg

#:L-T384D/T

LED Lamp qty:384pcs
 Input Voltage:15V
 Power Consumption:45W
 Color temperature:3200°K-5600°K
 CRI≥95
 Luminance:4250LM
 Illuminating angle:120°
 Power supply mode:Lith LT-F550/770/970
 or AC power with Adapter
 Dimension:250x350x42mm
 Weight:0.82Kg

1/4"-20 Female Thread

Angle adjust and lock nut

Color temperature knob

DV Battery plate

Battery power level check meter with 4 RED 25% capacity indicators.

DC Input

LED Light

- ◆ Slim and lightweight ,easy to carry for outdoor shooting .
- ◆ Stable brightness,no flicker, more reliable shooting effect.
- ◆ The light is fully dimmable, with no change in color temperature, from 0%-100%.
- ◆ Area light, soft and glareless.
- ◆ Heat dissipation design which improves dissipation efficiency and makes lifespan of the light longer.

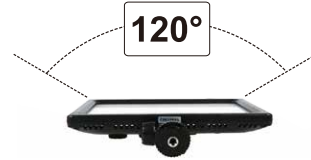

#:L-lpad112

LED Lamp qty:112pcs
 Input Voltage:7.2V
 Power Consumption:12W
 Color temperature:3200°K-5600°K
 CRI≥95
 Luminance:758LM
 Illuminating angle:120°
 Power supply mode:Lith LT-F550/770/970
 Dimension:175x125x20mm
 Weight:0.25Kg

Super-thin design

LEDs distributed on the edge of the light body frame, through diffuser to form uniformly illuminated area light which is soft and glareless.

Heat dissipation design which improves dissipation efficiency and makes lifespan of the light longer

A rotary dial for flicker free luminance dimming from 100% to 0%

#:L-lpad144

LED Lamp qty:144pcs
 Input Voltage:6.8-12V
 Power Consumption:15W
 Color temperature:3200°K-5600°K
 CRI≥95
 Luminance:912LM
 Illuminating angle:120°
 Power supply mode:Lith LT-F550/770/970
 Dimension:280x100x15mm
 Weight:0.36Kg

#:L-lpad272

LED Lamp qty:272pcs
 Input Voltage:6.8-12V
 Power Consumption:45W
 Color temperature:3200°K-5600°K
 CRI≥95
 Luminance:3400LM
 Illuminating angle:120°
 Power supply mode:Lith LT-F550/770/970
 Dimension:250x350x22mm
 Weight:1.10Kg

Bi-color Edge Mounted Soft Panel LED Light

- ◆ Slim and lightweight ,easy to carry for outdoor shooting.
- ◆ Stable brightness,no flicker, more reliable shooting effect.
- ◆ The light is fully dimmable, with no change in color temperature, from 0%-100%.
- ◆ Area light, soft and glareless.
- ◆ Heat dissipation design which improves dissipation efficiency and makes lifespan of the light longer.

#:L-Rpad160

LED Lamp qty:112pcs
Input Voltage:6.8-12V
Power Consumption:12W
Color temperature:3200°K-5600°K
CRI≥95
Luminance:758LM
Illuminating angle:180°
Power supply mode:Lith LT-F550/770/970
Dimension:Φ162x20mm
Weight:0.25Kg

#:L-Rpad450

LED Lamp qty:400pcs
Input Voltage:15V
Power Consumption:75W
Color temperature:3200°K-5600°K
CRI≥95
Luminance:6750LM
Illuminating angle:120°
Power supply mode:Lith LT-F550/770/970
Dimension:Φ450x20mm
Weight:0.25Kg

20mm

Super-thin design

LEDs distributed on the edge of the light body frame, through diffuser to form uniformly illuminated area light which is soft and glareless.

Color Temperature Knob

Battery Input

DC Adapter Input

Dimmer Knob

Heat dissipation design which improves dissipation efficiency and makes lifespan of the light longer.
